

CONFERENCE

Success factors of the Japanese Juvenile Justice system

par **Koichi HAMAI**, Professeur en criminologie,
Ryukoku University, Japon

Mardi 26 février 2019

De 15h30 à 17h30

à la Maison universitaire France-Japon
42a, avenue de la Forêt Noire à Strasbourg

This lecture will focus on the success factors of the Japanese juvenile justice system which has in recent years contributed, through various measures, to an important decrease in juvenile delinquency in Japan. In addition, Prof. HAMAI focuses on two significant characteristics of the Japanese juvenile delinquency to explain its low crime rate. The desistance of crime begins earlier than any other countries, and early onset of crime does not cause recidivism in Japan.
